

Hair Professional Apprenticeship

This apprenticeship standard is aimed at a salon junior, assisting senior staff while training as a junior stylist. The programme will cover a wide range of hairdressing techniques which will be assessed throughout the programme, leading to achieving the Diploma in Hairdressing before going through the end point assessment.

In addition to completing all the on-programme assessment requirements for the Diploma for Hair Professionals (Hairdressing / Barbering), a range of core behaviours will also be developed. These could include a good awareness of potential health and safety risks; evidence of being able to work without supervision to a high level of precision; effective communication with colleagues and members of the public and an exceptional level of customer care.
