

Creative Media Production

Ideal if: you want one-of-a-kind access to the skills you need to break into film, journalism or TV.

You'll learn: narrative film, documentary and music video production, Sony A7 range, 7D, lighting and grip tutorials, sound recording and Premiere CC.

Expect to: take part in technical masterclasses, while working on a variety of live projects with national and local professionals to produce work of broadcast quality.

You'll love: working with new people and new technology. Plus hands-on experience with planning, production and editing

This course provides 'one of its kind' access to the skills required to break into the film, TV, radio and journalism industries. It provides a path to the industry through technical master-classes with working practitioners.

All students will have the opportunity to work with national and local industry professionals to produce work of broadcast quality.

Students may use

- Lighting and sound setup workshops/tutorial
- DSLR camera training
- Editing training on professional level software, for example Adobe suite including PremierPro, Photoshop, Lightroom and Logic

You will have the opportunity to undertake a range of live projects in video production and photography as well as numerous competitions. We work with local employers to provide you with real world industry led experience, for example providing the official film for Lakefest our local music festival.

The course is fast paced and will equip you with a range of different practical and written skills. You will commonly work in small production teams and independently depending on the nature of the project. There will also be academic based tasks too.

Jobs in the industry include: Art and Design - Art Director Camera - Script Supervisor, Camera Operator, Camera Assistant, Lighting Camera Hair and Make-up - Make-up & Hair Artist Journalism and Sport - Broadcast Journalist Lighting: Lighting Director, Gaffer Performing - Actor, Presenter, Agent Production - Director, Producer, Executive Producer, Location Manager, Production Manager, Researcher Sound - Sound Supervisor, Sound Recordist, Boom Operator Studio and Broadcast Technology - Transmission Engineer, Vision Mixer.
